

# ANALYST JULY CHALLENGE

This month's challenges are all logic problems. Use your logic and reasoning skills along with the chart and clues provided to solve the problem. Good luck!

On Saturday, five friends visited the zoo. Each friend wore a different color t-shirt and each rushed to see their favorite animal when they arrived at the zoo. Can you name each child's favorite animal AND the color t-shirt they wore?

Clues:

1. One of the children wore the t-shirt that was the same color as their favorite animal
2. Steven, who was not wearing red, went to the Australian pavilion and Ashley, who did not visit the lions, wore the yellow shirt
3. While visiting the King of the Jungle, Chase saw the girl with the red shirt at the monkey exhibit
4. Paul, who did not like elephants, heard the boy in the purple t-shirt roaring
5. On her way to visit the monkeys, Michelle passed Steven who was wearing the black t-shirt.

Use the chart on the next page to help!

	Yellow	White	Red	Purple	Black	Polar Bears	Monkeys	Lions	Kangaroos	Elephants
